## NEWS – Pairing costs by RN

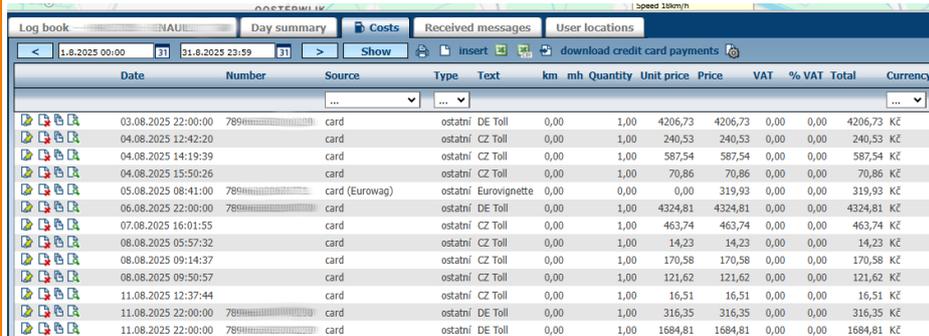

When importing costs from EUROWAG cards, the method of pairing transactions with vehicles has been modified.

When it comes to tolls, we search transactions for matching according to the following criteria in the order listed:

1. Unit serial number (OBU ID)
2. License plate number
3. Fuel card assigned to the vehicle/driver

If it is not a toll, then the order is as follows:

1. searches for a vehicle by fuel card assigned to the vehicle
2. searches for a vehicle by driver card
3. searches for a vehicle by unit number (OBU ID)
4. searches for a vehicle by license plate number

Date	Number	Source	Type	Text	km	mh	Quantity	Unit price	Price	VAT	% VAT	Total	Currency
03.08.2025 22:00:00	789	card	ostatni	DE Toll	0,00	1,00	4206,73	4206,73	0,00	0,00	4206,73	Kč

# NEWS – Exports – Speed – added parameter „Period“

A new parameter „Period“ has been added to the Statistics Exports/Summaries of vehicles/Exports/Other/Speed for filtering.

It filters only those vehicles that exceeded the given speed for a period longer than the set time (Time).

Statistics - Summaries of vehicles - Exports:

< 1.9.2025 00:00 30.9.2025 23:59 > Show

# NEWS – New version of the Webdispecink mobile application

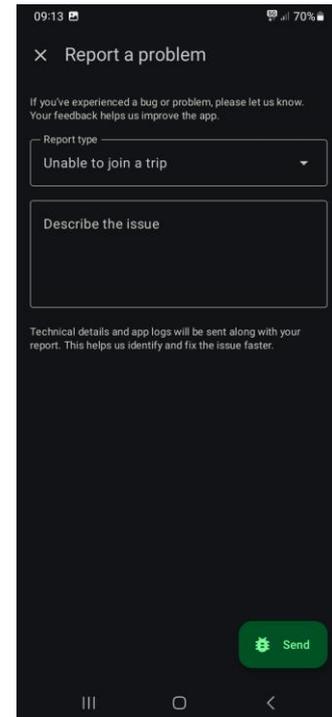

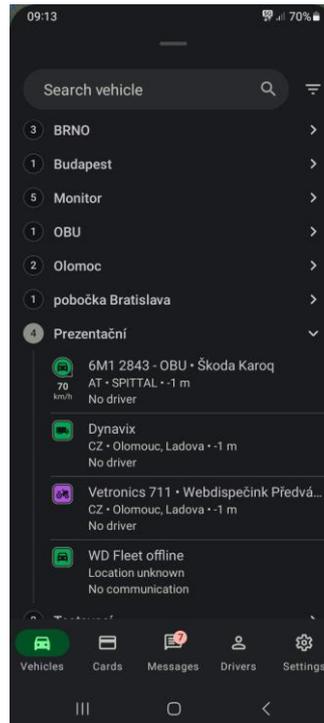

We have released an updated Webdispecink mobile application with version number 2.6.1 for iOS and Android.

This update includes:

**Displaying vehicles in groups** – the application displays vehicles organized into groups, just like the web application. It is also possible to switch back to the original layout without groups.

**New function Report a problem** – a user can describe his/her problem directly in the mobile application.

**Notification when Bluetooth is turned off** – Notification when Bluetooth is turned off – if you also use the Active Driving service (WD Driver), which is part of the mobile application, and you have Bluetooth turned off, the application will newly notify you.

## NEWS – Automatically refine hours worked from driver card backups

Data generation in D-8 has been modified. Newly, you can set the option **Automatically refine Hours worked according to D-8 from driver card backups** in **Settings/Company**. This will be gradually enabled for everyone.

**Drivers:**

Drivers form menu: Surname Name ▾

Show driver's personal number in dropdowns

Working time: 8,5 daily

include emergency to hours worked

Send a monthly driver style evaluation via email for all drivers

Create driver card automatically from backup

Automatically assign new driver card

Driving style - include private driving

Automatically refine Hours worked according to D-8 from driver card backups

# NEWS – Agenda Tasks in the new environment

The original Tasks tool has been completely redesigned with a more modern look.

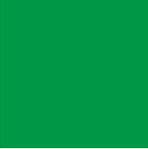

Newly, you also have the option to filter and sort by any column.

Tools/Vehicle Management/Tasks

The screenshot displays the 'Tools - Vehicle management - Tasks' interface. At the top, there are navigation controls for dates (8/1/2025 12:00 AM and 8/31/2025 11:59 PM) and a 'show' button. Below this are filter sections for 'Vehicle', 'Driver', and 'Semi-trailer', each with a dropdown menu. There are also 'Status' and 'Group' filters, with a checkbox for 'including subgroups'. A legend on the right side defines the status icons: a checkmark for 'Reminder on', a red 'x' for 'Reminder off', a green circle for 'Task completed', a yellow circle for 'Task waiting to be completed', and a red circle for 'Task was not completed in the time entered'. The main area contains a table with the following data:

Vehicle / Driver / Semi-trailer	Type	Group	Expected date	Name	Check date	Check km	Check mth	Window	E-mail address	SMS	Status	E-mail address
2M5 0018Pyp	vehicle		25.07.2024 (412 days)		-	38843 (17244)	-	x	x	x	Repeated actions	
GAX 1980	vehicle	BRNO	14.11.2024 (300 days)	testA	-	120000 (19205)	-	x	x	x	planned action	

At the bottom, there are navigation arrows and a '25 items per page' indicator.

END

**We hope that you have found useful information in the articles in this issue of the magazine that will make working with your fleet even easier.**

**Thank you for your trust.**
